COST Action IMMUNO-model opens a call for applications for Dissemination Conference (DC) to be developed under the scope of the referred Action, in the terms described in this document in DC presentation chapter.

The 2nd Call for DC Applications will cover the Grant Period from November 1st, 2023 to October 31st, 2024, included.

Application deadlines

- **November 1st 2023 – June 30th 2024:** Application for DC open
- **Ongoing:** selected candidates will be notified
- **June 30th 2024:** deadline for submission of last DC applications
- **September 15th 2024:** deadline for the conclusion of DC activities, including DC reports

The last DC submission will be June 30 2024.

Below are listed other information and links to procedures/regulations concerning DCs

- [Rule and Principles for COST activities](#) (level A)
- [Annotated Rules for COST Actions](#) (level C)
- [Rules for COST Actions \(level B\)](#)
- [Grant Awarding – User Guide](#)

Please consult the above documents before applying for the DC. They can also be found here: <https://www.cost.eu/funding/documents-guidelines/>

The procedure is summarized as:

First step: read the chapter “DC presentation” for general information

Second step: before applying prepare all the necessary documents. See the chapter “DC application documents to prepare”.

Third step: applicants will go to the e-COST grant application. See the chapter “Going to e-COST for applying”.

Fourth step: after the mission is completed applicant must upload on e-COST a report on the conference outcomes, a certificate of attendance, a book of the Conference, as well as a short report for publication in our COST action website within 30 days after the end of the DC. See the chapter “DC reporting”.

DC Presentation

Purpose of a DC

Dissemination Conference consists in an oral presentation by an Action Participant of the work of the Action in high-level conferences fully organized by a third party, i.e. not organized nor co-organized by the COST Action:

Dissemination Conference:

- Significantly increase visibility of the Action in the research community, can contribute to increasing visibility of the presenter;
- Attract additional participants and stakeholders and disseminate Action results to relevant end-users at high profile conferences in the field on a topic relevant to the Action.

Dissemination Conference benefits to:

- Dissemination Conference Grantee: receives support for attending and delivering an oral presentation of the Action, their activities, results at a conference and for developing new contacts and potential future collaborations, actively networks with other participants and promotes the COST Action to the potential stakeholders;
- COST Action: receives increased visibility and awareness, new contacts with potential stakeholders.

Eligibility Criteria

1. The Grant applicant(s) are Action participants with a primary affiliation (see Article 4.1.1.1.1 on Annotated Rules for COST Actions) to a legal entity located in a COST country;
2. The Grant applicant is preferably a confirmed researcher who goes to a conference located in a different country than the country of affiliation (for Affiliation, see Article 4.1.1.1.1 on Annotated Rules for COST Actions document) for presenting an oral communication.
3. The Conference must take place before September 15th, 2024;

Scope of IMMUNO-model COST Action

The IMMUNO-model COST Action aims at fostering research and innovation in the field of preclinical immuno-oncology models with the ultimate goal of advancing in the treatment of cancer patients by improving their outcomes and quality of life.

The unprecedented change that immunotherapy has represented in the treatment of cancer is best illustrated by the spectacular results obtained in previously incurable malignancies, such as metastatic melanoma. However, the widespread use of these therapies has been hindered by their limited effectiveness and associated toxicities. A better understanding on the complex interactions between tumor cells and the immune system is strictly required to address these problems, and to develop more effective and safer immunotherapies. However, one of the most important obstacles in immuno-oncology research is the scarcity of preclinical models that faithfully recapitulate human immunity and contribute to identify novel therapeutic targets, characterize biomarkers of therapeutic response and toxicity, and generate reliable data on drug synergies.

IMMUNO-model will bring together European researchers from diverse sectors (academia, clinical, industry) with the common goal of establishing a Network that endorses immuno-oncology research by specifically promoting the sharing, standardization and application of immunotherapy preclinical models. This Action will allow the implementation of a broad, creative and collaborative hub through the organization of community-building activities, the creation of synergies among European and non-European scientists, and the training of future researchers in the field. The ultimate aim of this Action is to contribute to translate novel scientific discoveries into benefits to cancer patients and the society. For further details and specific objectives, please read the Memorandum of Understanding (MoU) of IMMUNO-model COST Action:

DC conferences should comply with the scope of the action

DC application documents to prepare

Grant Application - Template at the end of this document (Annex I)

This template has been drafted in the context of our COST Action: https://www.cost.eu/DisseminationConference_GrantApplication. Please follow the instructions and add also the information required in the yellow fields.

Letter of acceptance from the Conference organizing committee to present an oral communication.

It is responsibility of the applicant to obtain a written agreement from the Conference organizing committee. The letter must be dated back not more than 3 months.

Copy of the abstract of the accepted oral presentation

File containing the material used for the communication.

The applicant must prepare a presentation slides used for the conference.

Candidate CV

A CV should be submitted, drafted preferably in Europass format (max. 3 pages). (A list of academic publications can be added on separate pages.)

Going to e-COST for applying

Application Procedure

The application procedure is legally bound to the Rules for COST Actions. Eligible DC applicants must submit their DC applications online by logging into e-COST (<https://e-services.cost.eu>) and go to <https://e-services.cost.eu/activity/grants> and click on “Apply for a grant”.

The screenshot shows the 'Grant Applications' page on the e-COST website. It features a sidebar with navigation options: 'COST Actions', 'Grant Applications', and 'Grant Applications Monitoring'. The main content area includes a 'Filter by status' dropdown menu, a search bar for grants, and a table with columns for 'COST Action', 'Type', 'Title', 'Status', 'Start date', 'End date', and 'Amount (EUR)'. The table currently shows 0 grants. A blue button labeled '+ Apply for grant' is located at the bottom right of the page.

Then click on “Continue” on “DC grant”, to encode a new application.

The screenshot shows the 'Apply for new Grant' page on the e-COST website. It features a sidebar with navigation options: 'COST Actions', 'Grant Applications', and 'Grant Applications Monitoring'. The main content area is titled 'Apply for new Grant' and 'Mobility of researchers and innovators'. It contains two main sections: 'Short-Term Scientific Mission grant' and 'Virtual Mobility grant'. Each section has a brief description and a blue 'Continue' button.

Then you just need to fill the online form with the following information:

Apply for new Grant

Applicant name: Dr Philippe Bertrand

Primary affiliation: University Poitiers (Poitiers, France) Automatically filled with your e-COST profile

Type: DC

COST Action*: CA21135 - Modelling immunotherapy response and toxicity in cancer Select the action concerned by the application
You can apply only to COST Actions for which you are eligible for the selected grant.

Grant period*: AGA-CA21135-1 (03/11/2022 - 31/10/2023) automatic
A Grant Period is the duration defined in the Action Grant Agreement during which the COST Action budget shall be spent in accordance with the Work and Budget Plan. A Grant Period runs for one year unless stated otherwise. Any grant application must start and end within the duration of a single Grant Period.

Start date*: dd/mm/yyyy

End date*: dd/mm/yyyy

After “Save Draft” you reach the “Supporting documents” page. Here you need to mention the title of the file you will submit, the type and upload the file. Upload all the requested documents that includes:

- The Grant application form modified,
- A CV,
- Letter of acceptance from the Conference Organizing Committee,
- Copy of the abstract of the accepted oral presentation
- Material used for the communication.

Once all the documents are loaded, the applicant should click on “**Submit**”, a new window will appear and clicking on “**Options**”, please “**download PDF**”.

Grant awarding board (GAB)

The GAB is composed of the **Grant Awarding Coordinator** (Dr. Philippe Bertrand, Philippe.bertrand@univ-poitiers.fr) and representatives of the working groups. It is mandatory to select the working groups the application is related to in the additional information part of the modified grant application template as reviewers of the application will be selected in the same working group(s).

The GAB will perform the scientific assessment of the applications considering the IMMUNO-model Action scope and objectives, as well as the potential for enhancement of the research interaction between the involved parts, measured by the impact of the exchange expected by the applicants and involved institutions. The selection of applicants is based on the scientific scope of the DC application which must be coherent with the overall objectives of the Action. The GAB will select the successful applications.

In case of conflict of interest (i.e. applicant belonging to a commissioner’s research group), the member that is constrained in their duties will be substituted by the Action Chair or the Vice-Chair.

General criteria for evaluation of DC proposals are:

- Principal investigators;
- Gender balance;
- Quality of the communication material;
- Main expected networking activities during the conference and their contribution to the progress towards the Action objectives and deliverables;

The Grant Holder will inform each approved applicant by sending a Grant Letter generated from e-COST. The applicant must return this letter of acceptance with his/her signature.

DC reporting: Conference/Dissemination Report

A template for the report can be found at the end of this document (Annex II). This template has been drafted from (https://www.cost.eu/DisseminationConference_Report) in the context of our COST Action: Please follow the instructions. It should be uploaded as a word file on e-COST, not a pdf.

DC Conference report

The report must be uploaded, **within 30 days from the end date of the Conference via e-COST tool**. Other documents to be provided are:

- A certificate of attendance;
- The programme of the conference or book of abstracts / proceedings indicating the presentation (oral or poster) of the grantee must be obtained by the grantee during the conference.

The networking report is drafted by the applicant (see Annex II).

When preparing the scientific report please consider the following:

- The networking report for COST is a public document. Please take this into account in terms of Intellectual Property Rights.
- The report should focus on the networking aspects, in particular how contacts for future collaborative research have been managed to strengthen the scientific relationship between the grantee and other people present at the conference within the framework of Cooperation and Science in the European Union.

DC dissemination report

To be included in the Conference report (see Annex II for ideas on items to provide) or send the items directly to the Working Group 5 Leader Barbara Breznik (barbara.breznik@nib.si) and to Working Group 5 Co-leader Rosalinda Sorrentino (rsorrentino@unisa.it) within 30 days after the end of your Dissemination Conference.

A **short blog / success story (3-4 sentences) /video (max. 1 minute)** describing the subject of your communication including a **strong advertising sentence** summarizing your DC experience. This material will be used for promotion of our COST action in our web site and social media.

Your **credentials in social media** (if you have such) to tag you in publication of your post.

Please remember to present your passion for science! Use pictures showing you at work but also after-work. Do not sound too abstract, avoid scientific jargon, use short sentences. The material is to advertise IMMUNO-MODEL COST research, promote you, and will be shown in social media for public audience.

Failure to submit the Conference & dissemination report materials, certificate of attendance, presentation and book of the Conference within 30 days from the end date of the Conference will effectively cancel the Grant.

By applying for this grant, the participant acknowledges that he/she is aware that his/her data and dissemination material will be collected, stored, processed and used for the purposes of the activities of the IMMUNO-model COST action CA21135 in accordance with the General Data Protection Regulation (GDPR).

DC grant management

Prepare your budget with the Excel tool provided in the modified Grant application template (Annex I). Each successful DC applicant will be granted based on a fixed amount.

A DC Grant is a fixed financial contribution which takes into consideration the budget request of the applicant and the outcome of the evaluation of the DC application (max 2000 euros, virtual 500 euros). **Please note that DC Grants do not necessarily cover all expenses related to undertaking a given mission**, being only a contribution to the overall travel, accommodation and meal expenses of the Grantee. Applicants are encouraged to evaluate their budget request based on a high benefit/cost ratio and justify it based on the perceived cost of living in the host country/city. Applicant should use the Excel tool provided in the modified Grant application form.

DC grantees should make their own arrangements for all provisions related to personal security, health, taxation, social security and pension matters.

Grants are paid by the Grant Holder Institution after the completion of the activity and approval of all required report/documentation. Within 30 days from the end date of the DC Conference (or 15 days after the end of the Grant Period, whichever date comes first), the successful applicant must submit the **Conference report**, the **dissemination materials** and the **certificate of attendance**. These documents must be uploaded on e-COST to proceed with the request for payment.

Pre-payment

DCs grantees may request up to **50% pre-payment of the approved grant**. This amount is subject to availability of funds and approval by the Grant Holder Institution. The request of pre-payment shall be submitted to the Grant Holder Manager (ghm_immunomodel@igtp.cat) and the Grant Awarding Coordinator (Dr. Philippe Bertrand, Philippe.bertrand@univ-poitiers.fr).
